September 15, 2017

Dear Valued Customer,

It is our intent to have a relevant published price list for structural products. Effective immediately on Monday, September 18<sup>th</sup> we are adjusting our published price list for most parallel flange products, not including piling sections, down by \$4.00/cwt or \$80/ton.

This is a direct result of low priced imports and the subsequent unprecedented level of discounting occurring in the market.

***All current competitive allowances offered by Nucor to meet foreign offers or domestic competitors' unpublished discounts or rebate programs are immediately discontinued.***

As always, we will continue to monitor market conditions and respond accordingly in order to provide you with a competitively priced product.

If you have any questions, please contact your District Sales Manager or the mill direct at (800) 289-6977.

Nucor-Yamato Steel thanks you for your business and appreciates your continued support and cooperation.

Sincerely,

Matt Brooks  
Sales Manager  
Nucor-Yamato Steel Co.
